

NAME	MOYA, RHON LEEUWEN C. ESTRELLA, LEAH IRISH M.		PROGRAM	Motorcycle Services System
C/Y/S	BSCPE – 2A	SUBJECT	CPE 206L Data Structure and Algorithm	

ACCOMPLISHMENT REPORT

Brief Description of the program:

List of controls used in the program:

Java Swing Control	Function
jTextField	Lets the user input name(letters only).
jTextField	Lets the user input Address.
jTextField	Lets the user input the model of the motorcycle that need to be serviced.
jTextField	Used to show the total amount of services that had been chose.
jButton	Let the user to submit the name and address to proceed to the services that MotoMedic offers.
jButton	Lets the user to confirm that all the services have been chose.
jButton	Lets the user get the receipt and proceed to the receipt tab.
jButton	Lets the user register again to go back to the register page for another transaction to be made.
jLabel	Used to store the name of the user.
jLabel	Used to store the address of the user.
jLabel	Used to show the Registration Form text
jLabel	Used to show the Name:, Address:, Brand:, Model:, Services:, PMS Package:, Additional Offers:. And all the other labels.
jLabel	Used to show the Address:
jLabel	Used to set the background and the graphics of the program
jComboBox	Lets the user choose which brand of motorcycle that wants to be serviced.
jRadioButton and ButtonGroup	Lets the user pick one of the PMS Package that wants to avail.
jCheckbox	Lets the user pick what additional offers that wants to avail.

BULACAN STATE UNIVERSITY BUSTOS CAMPUS

College of Engineering

List down all the tasks/works done by each member:

1. MOYA, Rhon Leeuwen C.
 - a. Code the program..
 - b. Made the Accomplishment Report.
2. ESTRELLA, Leah Irish M.
 - a. Made all the graphics and other labels in the system.

Note: Save your report as PDF. Follow this format for the file name: [Program Name_Members' Last Name]. Upload your report to this [drive](#). Deadline is until 4PM today.
